

Behind-the-Wheel Practice Log

Student's Name

Instruction Permit #

Instruction Permit Issue Date

Total Driving Hours

Total Nighttime Driving Hours

Instructions:

Use this log to track your driving hours. Remember, only hours you drive after receiving your instruction permit will count. Make sure there are a total of 55 driving hours (including 10 nighttime hours). The 55 hours of behind-the-wheel practice must be completed in the presence of a parent or instructor.

I Drive Safely will email you a Certificate of Completion only after you successfully complete the online 30-hour course and your parent instructor electronically verifies with I Drive Safely your successful completion of the behind-the-wheel instruction.

Once you have completed your behind-the-wheel practice, you can schedule your driving test. You'll need to bring the following documents to your visit:

- Learner Permit
- Proof of insurance
- Driver Education Completion Certificate
- Parent, legal guardian, or a notarized [Affidavit of Driver Training](#)
- Oklahoma Work Zone Safe Course Completion Certificate
